Introduction:
Khubaib College, Rara Muzaffarabad, Azad Jammu & Kashmir (AJ&K) was established in November 2008 with boarding / lodging facilities within the college. The area of college is 31 kanals. Since Rara is one of the neglected area of the region, an educational facility in the form of Khubaib College, Rara is a blessing for the people of AJ&K and very well appreciated by the locals and the government of AJ&K. Our primary aim is to provide a learning environment dedicated to quality education with three pronged strategy; academic, spiritual and physical. It is imparting education up to intermediate level affiliated with Federal Board of Intermediate and Secondary Education (FBISE) Islamabad.

We believe that a truly educated person should achieve a significant depth of understanding in relevant academic discipline, and we encourage our students to become more than just narrow specialists. We produce an educated person in the world of ideas, who values learning for its own sake.

Khubaib College Rara Campus Facilities:
Learning Environment:
There is a two storied earthquake proof building that houses the academic setup for the middle and senior classes as well as administration offices. It comprises of principal office, main modern computer laboratory, three science laboratories, one library and spacious classrooms.

Hostel Facility:
A two storied building has been constructed, accommodating 110 boarder students. The building is totally earthquake proof and centrally heated. In addition to the academics these boarder students are trained to lead a disciplined life.
Mess Facility:
The mess is located within the premises of the hostel where healthy and hygienically prepared food is served.

Masjid:
The students are provided with prayer facility where the students offer five times prayers. The students are also taught nazra Quran regularly.

Play Ground:
The college has playground for the students to hold cricket, football, volleyball and basketball matches. Free of cost sports equipments are provided by college to its students for interschool sports for almost all games.

Computer laboratory:
The college has a well-equipped computer laboratory for the students where they are trained as part of their academic and co-curricular activities.

Science Laboratories:
There are three laboratories in the college for physics, chemistry and biology that are equipped with modern apparatus. Sufficient material, charts and models for the students are available.
